Fair and Personal Analysis

The concept of fair and personal analysis describes the extent of the choice of products and

providers offered by an intermediary within a particular category of life assurance, general insurance, mortgages, and/ or a specialist area. The number of contracts and providers considered must be sufficiently large to enable an intermediary to recommend a product that would be adequate to meet a client's needs.

The number of providers that constitutes 'sufficiently large' will vary depending on the number of providers operating in the market for a particular product or service and their relative importance in and share of that market. The extent of fair analysis must be such that could reasonably be expected of a professional conducting business, considering the accessibility of information and product placement to intermediaries and the cost of the search.

To ensure that the number of contracts and providers is sufficiently large to constitute a fair and personal analysis of the market, we will consider the following criteria:

the needs of the customer,
the size of the customer order,
the number of providers in the market that deal with brokers,
the market share of each of those providers,
the number of relevant products available from each provider,
the availability of information about the products,
the quality of the product and service provided by the provider,
cost, and
any other relevant consideration.

Life & Pensions/Deposits & Life Wrapped Investments

We provide life assurance and pensions on a fair and personal analysis basis i.e. providing services based on a sufficiently large number of contracts and product producers available in the market to enable us to make a recommendation, in accordance with professional criteria, regarding which contract would be adequate to meet your needs.

We will provide assistance to you for any queries you may have in relation to the policies or in the event of a claim during the life of the policy and we will explain to you the various restrictions, conditions and exclusions attached to your policy. However, it is your responsibility to read the policy documents, literature and brochures to ensure that you understand the nature of the policy cover; particularly in relation to PHI and serious illness policies.

Specifically on the subject of permanent health insurance policies we will explain to you; a) the meaning of disability as defined in the policy; b) the benefits available under the policy; c) the general exclusions that apply to the policy; and d) the reductions applied to the benefit where there are disability payments from other sources.

For a serious illness policy, we will explain clearly to you the restrictions, conditions and general exclusions that attach to that policy.

Sustainability Factors – Investment/Pension Advice

In accordance with the Sustainable Finance Disclosure Regulation ('SFDR'), we inform you that when providing advice on insurance-based investment products/Investments, we assess, in addition to relevant financial risks, relevant sustainability risks as far as this information is available in relation to the products proposed/advised on. This means that we assess environmental, social or governance events/conditions that, if they occur, could have a material negative impact on the value of the investment.

We integrate these risks in our advice in the following way: *we review product provider literature in relation to sustainability risks; we liaise with the providers in relation to any queries in relation to the funds. This information is reviewed by the firm on an ongoing basis.*

Considering Principal Adverse Impacts on sustainability factors in the advice:

When providing advice on insurance-based investment products ('IBIPs') or investment advice we assess the PAI information published by product manufacturers as follows:

The firm will examine the Product Providers literature to establish the Principal Adverse Impacts for the relevant products. The firm will then compare financial products across available providers to make informed investment decisions about the suitability of ESG products for individual clients.

Impact on Return

If sustainability risks are not deemed relevant:

We have not assessed the likely impacts of sustainability risks on the returns of Investment/Pensions since we have not been able to identify any sustainability risks that are relevant.

Sustainability Factors- Investments/IBIPs/Pension Advice

We take due care so that our internal remuneration policy with respect to investment or insurance advice on insurance-based investment products ('IBIPs') promotes sound and effective risk management in relation to sustainability risks and does not encourage excessive risk-taking with respect to sustainability risks.

Consumers: Duty of Disclosure when completing documentation for new business/renewals and midterm adjustments

You are required to answer all questions posed by us or the insurer honestly and with reasonable care – the test will be that of the ‘average consumer’¹.

Before renewal of the contract of insurance, specific questions will be asked. Again, you will be required to answer honestly and with reasonable care. Where you do not provide additional information (after being requested to do so) it can be presumed that the information previously provided remains unchanged.

Failure to answer all questions honestly and with reasonable care can result in the Insurer being able to rely on proportionate remedies for misrepresentation, which include but are not limited to the insurer voiding the contract of insurance. If a policy is cancelled by an insurer for any reason including payment default, you may encounter difficulty in purchasing insurance in the future.

Completed proposal forms/statement of fact

Completed proposal forms or Statement of Facts will be provided to you, these are important documents as they form the basis of insurance contract between the insurer and you the consumer. You should review and confirm that the answers contained within are true and

accurate.

Commercial Customers: Non-Consumer Disclosure of Information

It is essential that you should bring to our attention any material alteration in risk such as changes of address or use of premises. Any failure to disclose material information may invalidate your claim and render your policy void.

Conflicts of interest

It is the policy of our firm to avoid conflicts of interest in providing services to you. However, where an unavoidable conflict of interest arises, we will advise you of this in writing before providing you with any service and the firm will take all steps within its control to appropriately manage the conflict and minimise the impact of the conflict on the consumer. Damien Hannigan is responsible for managing potential conflicts of interest. A full copy of our conflicts of interest policy is available on request.

Default on payments by clients

We will exercise our legal rights to receive payments due to us from clients (fees and insurance premiums) for services provided. Without limitation to the generality of the foregoing, the firm will seek reimbursement for all payments made to insurers on behalf of clients where the firm has acted in good faith in renewing a policy of insurance for the client.

Product producers may withdraw benefits or cover in the event of default on payments due under policies of insurance or other products arranged for you. We would refer you to policy documents or product terms for the details of such provisions.

Upon receipt of an oral complaint, we will provide the option to have the complaint addressed through the firm's established complaints procedure.
